Please Notice: SHIPPING RESTRICTIONS TERMS OF SALE

The below listed shipping units are the result of years of experience and incorporate the best packaging of plants in order to insure the best arrival condition and also take advantage of the best express weight rates.

Only full boxes of potted plants travel well and your ordering should be so based. Remember that small orders boost the prorated express cost per plant and cut into your profits.

TIME OF SHIPMENT: Unless otherwise specified by you, your order will be scheduled for immediate shipment.

TERMS OF SALE: The savings of extra bookkeeping expense and credit losses helps me to maintain my present low prices in the face of increased production costs. Please send check or money order with your order or it will be shipped C.O.D. For those who wish credit I ask for three weeks to communicate with references.

CLAIMS: Every precaution is taken with regard to transit regulations to prevent losses, therefore, in the event of losses due to transit conditions, it is imperative that the consignee file a claim immediately with the carrier.

10% DISCOUNT: I can offer you bigger plants, grown especially for you, at a 10% discount if you order 5,000 or more and if you let me know 60 days in advance of shipping date.

Frankly, I add the 5,000 extra cuttings to my regular production quota and set them aside for you. This eliminates risk and is worth the 10% discount. Production planning is a job and a 5,000 order without advance notice is no saving on my part over an order of 100 or 500.

Let me hear from you as to how I can work with you on this.
